Subject	Compensation Request Outcome

Dear Ms Carter,

Thank you for contacting NorthStar Airways regarding your request for compensation relating to flight **NS618** from Madrid to Paris Charles de Gaulle.

Following our review, we are unable to approve your request.

Our records show that boarding for flight NS618 closed in accordance with the published boarding procedures. Airport records indicate that you arrived at the departure gate after boarding had closed and were therefore unable to travel on the scheduled service.

As the disruption did not result from a cancellation, denied boarding, or delay attributable to the operating airline, your request has been declined.

Kind regards,

Sarah Bennett
